

Using Gift Aid means that for every pound you give, we get an extra 28p from the Inland Revenue, helping your donation go further. This means that £10 can be turned into £12.80 just so long as donations are made through Gift Aid. Imagine what a difference that could make, and it doesn't cost you a thing. So if you want your donation to go further, Gift Aid it. Just complete this form and send it back to us.

To qualify for Gift Aid, what you pay in income tax or capital gains tax must at least equal the amount we will claim in the tax year.

Make the Difference by Supporting SPPA Today

For a child under five years, the first opportunity of playing and learning in a group of other pre-school children involves all sorts of feelings and new experiences. It is important that community led providers of pre-school care and learning services are able to offer a range of experiences to meet the different needs of each individual child and their parents.

Some of our recent achievements:

- Working with vulnerable children under three years and their families both in rural and urban communities throughout Scotland.
- Supporting voluntary led pre-school groups in all the major cities in Scotland.
- A play development project in rural communities working with babies and toddlers.
- Supporting groups in expanding services for all day care.
- Helping community led pre-school groups cope with increased responsibilities in childcare legislation.

Please help us to help
Scotland's pre-school children

Friends of SPPA

Scottish Pre-school Play Association

The Scottish Pre-school Play Association (SPPA) is the national early years charity with nearly 40 years experience in supporting the work of voluntary and community led pre-school groups.

It delivers support services to around 1500 member groups throughout Scotland who work with over 45,000 children between birth and five years.

SPPA provides:

- A telephone advice and information service to members.
- Funding to groups working with children with additional support needs.
- Start-up grants to help establish and sustain community playgroups, all day care groups and parent and toddler groups.
- Development support to parent led management committees.
- A wide range of training opportunities and resource publications at a discounted rate

SPPA is committed to the continued development of quality care and education in pre-school groups within the voluntary sector. We promote the value of early childhood play as an integral part of informal learning within these community settings.

Playing and Learning

Children can experience education without play but it is virtually impossible for children to experience play without learning!

Voluntary sector pre-school groups that offer a play based curriculum provide children with a firm foundation for learning for life.

Thank you for your help

Becoming a Friend of SPPA will help:

- Young children get off to the best possible start in life through community learning and play.
- Children with additional support needs to receive funding for specialist equipment and/or one-to-one staff support.
- Parents to develop their role as key participants in the education of their children.
- Volunteers develop knowledge and skills in committee management and participation.
- Communities in providing quality care and learning for young children.

Your support of SPPA through Friends of SPPA, means that we can continue to support this rich resource in our country's heritage of volunteer parents helping their children, and their neighbours' children, to play, to grow and to learn.

A £50 donation will provide extra help to a child with additional support needs.
